

JOB DESCRIPTION

Title: PSYCHIATRIST

Requirements: Current Pennsylvania license to practice medicine; specialized training and experience in psychiatry and addiction medicine. Maintain current physician medical liability insurance coverage.

Accountability: Medical Director or Executive Director

Responsibilities:

1. To provide psychiatric evaluations for clients.
2. To prescribe and monitor client psychotropic medications.
3. To recommend specific care, counseling, or referrals in response to needs identified in the psychiatric evaluation.
4. To provide training to staff on mental health and medication issues as needed.
5. To serve as a resource to the clinical staff, reviewing cases and discussing treatment alternatives and options.
6. To participate in clinical team meetings
7. To provide documentation for clients as needed.
8. To maintain client notes and reports promptly.
9. To report any communicable disease according to the Disease Prevention and Control Law of 1955, 35 P.S. 52.1 et. seq. and in compliance with the confidentiality restrictions of the Drug and Alcohol Abuse Control Act, 71 P.S. 1690.101 et. seq.
